# Manoj Kumar Kalyanapu

manojkumarkalyanapu@gmail.com +91 9573875807 Warangal, India Manoj Kumar

## Profile

Web Developer with experience in developing scalable web applications. Proficient in full-stack development using Angular, React.js, Next.js, Node.js, and REST APIs. Skilled in modern development practices, API integrations, and delivering efficient, maintainable solutions.

## Education

**B.Tech, Malla Reddy Institute of Technology and Science** 2020 – 2023 | Hyderabad, India

- Stream : Electronics and Communication Engineering
- CGPA : 7.28

## Professional Experience

**Angular Developer, FastCollab** 09/2025 – 03/2026 | Hyderabad, India

**Responsibilities : Eva Travel Management Project Link**

**Eva Travel Management & Manage Expenses Platform :**

- Developed new features and improved user experience for a travel management website using Angular and Ionic, ensuring smooth and responsive UI across web and mobile.
- Debugged and fixed frontend issues by analyzing the complete application flow, improving stability and performance.
- Collaborated with backend teams to integrate APIs and optimize data handling, following clean code and best development practices.
- Used Git/GitHub for version control, managing branches, pull requests, and code updates efficiently.

**Web Developer, Greenads Global** 05/2024 – 06/2025 | Hyderabad, India

**Responsibilities : RCS Project Link**

**RCS Messaging Platform :**

- Contributed to the development of User, Admin, and Reseller panels for RCS campaigns.
- Assisted in building backend services to filter RCS-enabled numbers and sending of standard and dynamic messages.
- Worked on real-time delivery tracking integration, enabling detailed status reports.
- Supported the development of Admin & Reseller modules for user management, template approvals, credits, and domain-based access control.
- Contributed to backend features involving RabbitMQ for bulk messaging, Webhooks for real-time updates, Redis for caching, and automated email notifications.

**Additional Responsibilities :**

- Managed Linux servers via SSH using PuTTY for deployment, configuration, and troubleshooting. Connected to and maintained Windows servers for application hosting and monitoring.
- Performed basic server administration tasks like log monitoring, process management, and service restarts

## Skills

**Programming**
- Javascript
- Typescript
- Python

**Frontend**
- Angular
- ReactJS
- NextJS

**API Integration & Data Fetching**
- Axios
- Tanstack Query

**Backend**
- NodeJS
- ExpressJS
- GraphQL

**Database**
- MySQL
- Mongodb
- Redis

**Version Control**
- Git
- Github

**ORM & ODM**
- Prisma
- Mongoose

**AI Tools**
Codex
ChatGPT
