Manoj Kumar Kalyanapu

manojkumarkalyanapu@gmail.com +91 9573875807 Hyderabad, India ManojKumar Portfolio

Profile

Full-Stack Web Developer with 2+ years of experience in building scalable web applications using Angular, React, Next.js, Node.js, and TypeScript. Skilled in developing responsive UIs, REST API integration, backend development, and working with MySQL, MongoDB, Redis, and RabbitMQ. Experienced with Git, Linux server management, and cloud platforms including Vercel, Render, and AWS (Basics), with a strong focus on clean, maintainable, and scalable solutions.

Education

B.Tech, Malla Reddy Institute of Technology and Science 2020 – 2023 | Hyderabad, India

- Stream : Electronics and Communication Engineering
- CGPA : 7.28

Professional Experience

Software Engineer - Full Stack, Aziro 07/2026 – Present | Bangalore, India

Time Sheet Management Application :

- Maintain and support the DRL and APSL Timesheet Management applications.
- Monitor and resolve application issues, bugs, and user-reported incidents.
- Develop and implement new features based on business requirements.
- Manage and support the Employee, Reporting Manager, and Admin panels of the application.
- Perform application enhancements, testing, and deployment to ensure smooth functionality.
- Collaborate with stakeholders and team members to understand requirements and deliver effective solutions.

Angular Developer, FastCollab 09/2025 – 03/2026 | Hyderabad, India

Eva Travel Management & Manage Expenses Platform :

- Developed new features and improved user experience for a travel management website using Angular and Ionic, ensuring smooth and responsive UI across web.
- Debugged and fixed frontend issues by analyzing the complete application flow, improving stability and performance.
- Collaborated with backend teams to integrate APIs and optimize data handling, following clean code and best development practices.
- Used Git/GitHub for version control, managing branches, pull requests, and code updates efficiently.

Web Developer, Greenads Global 05/2024 – 06/2025 | Hyderabad, India

RCS Messaging Platform :

- Contributed to the development of User, Admin, and Reseller panels for RCS campaigns.
- Assisted in building backend services to filter RCS-enabled numbers and sending of standard and dynamic messages.
- Worked on real-time delivery tracking integration, enabling detailed status reports.
- Supported the development of Admin & Reseller modules for user management, template approvals, credits, and domain-based access control.
- Contributed to backend features involving RabbitMQ for bulk messaging, Webhooks for real-time updates, Redis for caching, and automated email notifications.

Skills

Programming
- Javascript
- Typescript

Frontend
- Angular
- ReactJS
- NextJS

Backend
- NodeJS
- ExpressJS
- Restful's API's

Cloud
- Vercel
- Render
- AWS

Database
- MySQL
- MongoDB

Version Control
- Git
- Github

ORM & ODM
- Prisma
- Mongoose

Queue & Cache System
- RabbitMQ
- Redis
